Second, we are succeeding in creating and sustaining a culture of academic success manifested by higher levels of student learning, retention and graduation.

ENDOWMENT FUND COMMITTEE: Trustee Adams presented the Endowment Fund Report. There were several items for information.

Mr. Jonathon King, President and Ms. Jennifer Dimitri, Associate Director, Investment Communications from UNC Management Company, Inc. presented a detailed overview of the investment performance by the UNC Investment Fund, LLC. Mr. King stated that things are getting better, for now, but risks haven’t gone away. Global financial markets continue to show strong returns, fueled by: strong growth in developing economies, improving economic fundamentals in the U.S., very strong corporate earnings, and adequate liquidity provided by central banks and very low nominal interest rates. Despite the strong financial markets, the fragile economic environment and political uncertainty across the globe still leave quite a bit of uncertainty. Although the fund’s recent performance has not kept up with the SIPP (Strategic Investment Policy Portfolio) and other “traditional” portfolio benchmarks, the UNC Investment Fund’s 10.2% return in the first half of FY 2011 represents a strong positive step in continuing to repair the damage incurred in FY 2009. Mr. King is confident that the UNC Investment Fund will continue to produce attractive longer-term returns, particularly on a risk adjusted basis.

Mr. Charles Curry, Executive Vice President of Fixed Income, and Ken Grimes, Senior Vice President, Director of Research, from Piedmont Investment Advisors, LLC gave a detailed overview of the investment performance of the endowed professorships. They explained that the third quarter proved to be very volatile with each month swinging the market in the opposite direction. They believe that this volatility is masking the directionally positive trend in the market, which reflects the continuation of the economy’s healing process. Piedmont Investment Advisors believe that the names they have added to the portfolio in Materials, Consumer Discretionary, Financials, and Telecom are likely to weather the potential near term volatility and ultimately perform well as the economy’s footing stabilizes and strengthens. The Piedmont Investment Fund return as of December 2010, fiscal year to date was 11.48%.

Mr. John C. Granzow, CIMA, Managing Director, from The Granzow Consulting Group, gave a detailed overview of the consulting group as it relates to North Carolina Central University Foundation. Mr. Granzow explained the consultative process. Which includes the following: analyzing current situation, establish and define objectives and goals, formalize investment policy statement, design optimal portfolio and set asset allocation policy, conduct investment manager research, implement investment policy and strategy, and have ongoing communication review, research and rebalancing. Mr. Granzow also identified the Foundation’s asset allocation, which comprises of Equity/Growth Assets - 50%, Fixed Income/Risk Reduction Assets - 30% and Alternative Strategies/Inflation Protection - 20%. The total Fund return as of December 2010, fiscal year to date was 5.55%.
FINANCE COMMITTEE: Trustee Ruffin presented the Finance Committee Report. There was one (1) item for action and several items for information.

It was moved by Trustee Ruffin and properly seconded by Trustee Pope to approve the Finance Committee minutes dated November 16, 2010. The motion carried.

Ms Yolanda Banks Deaver provided the following updates to the Finance Committee:

- Auxiliary Financial Report as of December 31, 2010, with an ending fund balance of $18,135,748, and
- Biennial 2011-2013 State Budget Update reporting that the Governor of North Carolina issued her budget recommendations for the Biennial Period 2011-2013. The Governors recommended budget reduction for the University of North Carolina System totaled 9.5% percent. The amount would translate to a $8.8 million dollars budget cut for North Carolina Central University. This is the first phase of a long process. Staff will keep the Board of Trustees updated on the proposed biennial budget as it moves through legislative approval process.

INSTITUTIONAL ADVANCEMENT COMMITTEE: Trustee Ruffin presented the Institutional Advancement Committee Report. There were several items for information.

Vice Chancellor Lois Deloatch presented the division report for the Institutional Advancement Committee. She referenced the Fiscal Year Comparisons report, which indicates that the raised-to-date total through December 31, 2010, is $2,822,000, compared to $2,269,473 for December fiscal year 2009. The total amount of funds raised through February 21, 2011, is approximately $3.2 million. The number of donors for December fiscal year 2010 is $3,431, compared to $3,064 for December fiscal year 2009, which indicates that although the number of pledges has increased over this time last year, the gift size is smaller.

The total funds raised (cash and in-kind) for the Tournament of Roses Parade through January 12, 2011 was $335,858. In addition, $41,000 was raised by the Marching Sound Machine Booster Club, which brings the Tournament of Roses Parade fundraising total to $376,858.

Completion of the final audit report for the NCCU Foundation is pending. Donor reports will be completed and distributed as soon as the final report has been issued.

Personnel updates for the Office of Institutional Advancement include the hiring of an Associate Vice Chancellor, Ms. V. Dianne Pledger, who is scheduled to begin in early April. There is one remaining vacancy in Institutional Advancement, and Chancellor Nelms indicated that the University is moving forward to fill all vacancies within the Office of Institutional Advancement in order to reach the level of professional competence needed to fulfill the goals of the unit.

The initial draft of Institutional Advancement's Operating Plan, which outlines the goals and

REPORT TO THE BOARD OF TRUSTEES

BY DR. MINNIE B. SANGSTER, CHAIR OF THE NCCU FACULTY SENATE

WEDNESDAY, FEBRUARY 22, 2011

Chairman Adams, members of the Board of Trustees, colleagues, friends,

Bonjour, Guten Morgen, Buenos Dias, Good Morning! I appreciate this opportunity to bring you a report on the activities of the NCCU Faculty Senate.

I have structured my remarks today around the work of the standing committees of the Senate in order to provide you a brief outline of some of the initiatives on which we are concentrating.

The Academic Policies Committee

The Academic Policies Committee under the leadership of Dr. Patricia Wigfall has brought several items to the Senate for consideration and continues to work on others. The Academic Policies Committee led the discussion of the new Academic Progression Policy proposed by Chancellor Nelms. In December the Senate voted approval of the policy with the caveat that faculty would need to use the time up until the beginning of Fall registration in March to meet with students and develop individual plans to meet the 2.0 GPA goal.

The Academic Policies Committee also led the discussion regarding the need to increase the time for each final exam from two hours to three hours in order to bring our policies in line with the revision of the academic calendar to include exam days in counting contact hours. The Faculty Senate voted to approve the three-hour exam period at its December meeting.

In addition, the Academic Policies Committee is researching the feasibility of adding a plus or minus to recorded final letter grades. It is also researching the possibility for increasing the interval between classes from 10 minutes to 15 minutes in recognition of the growth of our campus and the difficulty of traversing ever greater distances in the 10-minutes time frame. This committee is also researching the way electronic course evaluations are done on other campuses in an attempt to increase student participation in these evaluations of their courses. We expect to take action on these items before the end of the academic year.

The Campus Welfare Committee

The Campus Welfare Committee, chaired by Dr. Joshua Nadel, has two projects on which it is concentrating. It is working with the NCCU Bookstore to assure that students have a wide range of choices for obtaining the necessary texts for their courses. Dr. Nadel, Dr. Debela and I met last week with the Director of Auxiliary Services to pursue promises made to the Faculty Senate during the design and construction of Pearson Cafeteria for a Faculty Dining Area and Lounge. As a result of this meeting, we were promised that effective March 14, faculty members will be allowed to use the area known as the “Banquet Room” in Pearson as a Faculty Dining Area during the regular operating hours of the cafeteria. They may purchase
meals and take them to this area, which students may use only on Wednesdays, when there is an overflow crowd to enjoy the famous Pearson chicken dinner. The Campus Welfare Committee will continue to investigate possibilities for a space where faculty can meet throughout the day without having to purchase a meal in order to do so.

The Faculty Research and Development Committee

The Faculty Research and Development Committee, chaired by Dr. Claudia Becker, has sponsored a series of workshops on teaching and learning effectiveness across campus. The turnout has been impressive, and faculty response has been positive. Another workshop is planned in March after Spring Break.

The Governance Committee

The Governance Committee under the leadership of Dr. Arcelia Jeffreys is currently completing a very important project, the vote by all full-time faculty to approve amendments to the Constitution of the Faculty Senate. At the February Faculty Senate meeting, paper ballots and ballot envelopes were distributed to Senators along with a register of the faculty in their unit who are eligible to vote. The Senators are collecting secret ballots and checking off faculty as they vote during the period from February 7 through 24. Since the constitution requires that 75% of the faculty vote and that 75% of those voting must approve the amendments, the Governance Committee is keeping a close eye on the progress. I should mention that one of the amendments under consideration is a revision in the voting procedure to require approval of future amendments by a simple majority.

The Honorary Degrees and Memorials Committee

The Committee on Honorary Degrees and Memorials, chaired by Prof. Brett Chambers, is in the process of reviewing a recommendation for Emeritus Status and a recommendation for an Honorary Degree. I have requested units to notify me of any recommendations for Emeritus Status that may have been made during the last few years on which no action has been taken. There are two such recommendations for which we are attempting to obtain documentation, and we expect the Senate to make a couple of recommendations before the close of this academic year.

Nominating Committee

The Nominating Committee, led by Dr. Robert Ballard, is preparing a slate of two candidates for each of the four posts on the Executive Committee. That is the positions of Faculty Senate Chair, Vice Chair, Secretary and Parliamentarian. The slate is to be presented at the March 4 Faculty Senate meeting, and the vote will take place on April 1.

Resolution on Academic Freedom

In addition, at its January meeting the NCCU Faculty Senate voted to approve the Resolution on Academic Freedom developed by the Faculty Assembly of the UNC System. Dr. Vinston Goldman, one of our three representatives to the Faculty Assembly, serves on the
Executive Board of the Assembly, and he brought the resolution to the Senate and led the
discussion on the importance of supporting this document. With our vote, we became one of
the 9 or 10 constituent institutions that have approved this resolution on academic freedom,
and others are sure to follow.

Ad hoc Faculty Handbook Committee

Of course, I can’t appear before this Board of Trustees and not mention the Faculty
Handbook! Dr. Vicki Lamb and her committee have made revisions requested by Chancellor
Nelms, Provost Aggrey and others to the draft handbook which members of this body received
in November. These revisions were discussed at the February meeting of the Faculty Senate,
and a few modifications were made. I am pleased to report that on February 4 the Faculty
Senate voted overwhelmingly to approve the final version of the NCCU Faculty Handbook. The
vote for approval was 87% in favor. The document reflecting the modifications will be on line
this week, and the General Faculty will vote on it at its meeting on March 17. Then copies will
be prepared for the members of the board, and we hope that you will approve the handbook at
your April meeting. The revisions to the Reappointment and Tenure language will have to be
approved by the Board of Governors at its June meeting. We anticipate that this will make it
possible for the effective date of the handbook to coincide with the start of the new fiscal year
on July 1, 2011.

This concludes my report, and I will be glad to answer any questions that you may have.
Staff Senate Report to Board of Trustees

Have a Heart Campaign
NCCU Staff Senate is partnering with the other 16 campuses in the UNC System for a month of service to collect donations for local food banks and charities. The Genesis Home for Homeless Women with Children is the charity that NCCU previously donated and we have decided to donate to them again this year. All staff, faculty, and students were asked to donate toiletries that can be used by women and children. We will accept donations through Friday, February 25th and all items will be delivered to the Genesis Home on Monday, February 28th.

All universities were also asked to provide a portion of our donations or give a monetary donation to the School of Science & Math in support of their efforts to break the Guinness World Records for the largest food drive in 24 hours at one location. We are supporting this effort.

Staff Senate Scholarships
The Staff Senate awarded two scholarships of $250.00 for the Spring semester to: Wendalyn Perry (Student Affairs) and Deborah Brame (School of Business). The scholarship fund has been very successful and has been a great support for our staff.

We will be selling tickets ($10) for a Spring fling to be held in May. The tickets will be sold during the months of March and April and all funds will be donated to the scholarship fund. This will be our last fundraiser for this academic year.

Tuition Assistance/Book Loan
We continue to encourage staff to take advantage of the tuition assistance program in completing college credits and also to use our book loan program. We are pleased to report that approximately 50 applications were processed for staff requesting tuition assistance for the Spring semester. We will continue to encourage and support this effort.

Staff Senate Executive Committee
The elections for the Executive Committee officer positions will be held in May. We will have a call for nominations in March, on-line (and paper as needed) voting will be completed in April and the announcement of new officers will be provided in May. All seats (Chair, Vice-Chair, Parliamentarian, Treasurer, Secretary, and Assistant Secretary) will be open for election.

We will continue to work with administrators, faculty, students and staff in supporting the university; serving on various committees and assisting with events and activities as needed and giving of our time and resources.

In Truth and Service,

Daphine Richardson
Chair, Staff Senate
