Kelly continues to perform outstanding work for E&MR. This year, along with our other senior consultants, Kelly spent considerable time mentoring our three newest consultants, showing a sustained willingness to explain policies and procedures, tease out options, partner on client contacts, and review documents. Colleagues trust and appreciate Kelly's advice and opinions. As a result, our newest consultants have been performing quite well. Kelly has made great progress on three procedural guides (two completed, one in final draft) and colleagues are already using them to great effect.

Kelly has gone above and beyond with providing training and consultations for the new performance management program, holding over a dozen small group workshops in her assigned departments and performing follow-up presentations on several other ER topics when it became clear through the PM consultations that other issues were brewing in those areas. Kelly has taken the lead in the BEST training, helping to coordinate our staff's involvement in the program, and is receiving near perfect scores and glowing comments from participants.

Kelly is artful in coaching supervisors, managers, HR representatives, and employees, and can be both gentle and firm as appropriate in providing viable options to clients while making sure they are aware of their own obligations in resolving workplace issues. She is committed to all parties being treated with respect and given the opportunity to be successful. This year, Kelly volunteered to serve as a liaison to the medical leave group in order to facilitate our groups working better together on employee relations issues, and we now have clearer and more consistent communication between the groups.
