### REGULATIONS

1. Please note that examinations are scheduled **two hours and 30 minutes** in length with 30 minutes between examinations. Students taking general education curriculum (GEC) courses in the evening (after 5:00 pm) will follow examination schedules for evening courses.
2. In the case of students having conflicts in examinations of courses from different schools or colleges, the examination for the course in the school or college in which the student has residence (in terms of major) has precedence over the other examination. For example, a student in the College of Arts, Social Sciences & Humanities who has an English examination and an Accounting examination scheduled at the same time would take the English examination as scheduled and would make arrangements with the Accounting instructor to take that examination at another time.
3. No examinations may be given before Wednesday, April 24, 2024. Examinations will be held only between the hours indicated. Exceptions must be approved by the dean of the school or college involved before those respective dates. **Faculty members are not to make changes in the examination schedule.**
4. No student shall be required to take more than three (3) examinations in any one day. In those cases, where students have more than three (3) examinations scheduled in one day, they should report to their dean to receive permission for the necessary rescheduling. It is then the student's responsibility to take the permission notice to the instructor and arrange another time to take the examination. All rescheduling should be completed before the start of the Examination Period, Wednesday, April 24, 2024.
5. Make-up examination dates are to be used if student or faculty members have an examination conflict that is beyond their control. While there are structured times for make-up examinations, the instructor of record may make other arrangements in consultation with the student.
6. Alternate examination times are to be used at the discretion of the instructor.
7. Incomplete grades **for non-graduating students are due in the Registrar's Office for processing no later than 5:00 p.m. Friday, May 3, 2024.**
8. Consult the School of Law for the final examination schedules for law courses.
9. Grades are due **48 hours after each examination** is given. However, all grades must be in Banner **by 5:00 p.m. on Friday, May 3, 2024.**
10. **The last day of classes for all students and final exams are in fact the same day. The instructional time includes the required examination periods. The last day of class lecture is Monday, April 22, 2024.**
