Declaration of Academic Option

Each student is responsible for understanding the academic regulations and requirements set forth in the *University Bulletin* and for revisions of the same released in official publications of the University. ***Therefore, failure to meet the requirements or comply with regulations because of lack of knowledge DOES NOT excuse a student from meeting academic regulations and requirements.***

An advisor **MUST approve** a student's program of study. Advisors will make every attempt to give effective guidance in academic matters and to refer students to those qualified to help them in other matters. ***However, final responsibility for meeting ALL academic requirements for a selected program rests with the student.***
