This includes ALL bachelor's degrees conferred in a five-year cooperative (work-study plan) program. Some of these degrees were formerly classified as "first-professional" and may include: Chiropractic (D.C. or D.C.M.); Dentistry (D.D.S. or D.M.D.); Law (L.L.B. or J.D.); Medicine (M.D.); Optometry (O.D.); Osteopathic Medicine (D.O); Pharmacy (Pharm.D.); Podiatry (D.P.M., Pod.D., D.P.); or, Veterinary Medicine (D.V.M.), and others, as designated by the awarding institution.

First-Time, First-Year (Freshman) Student: A student attending any institution for the first time at the undergraduate level. The most common system of assigning numbers to grades counts four points for an A, three points for a B, two points for a C, one point for a D, and no points for an E or F. Un-weighted GPA's assign the same weight to each course. Weighting gives students additional points for their grades in advanced or honors courses.

Cohort: A group of students who reach a milestone event together at the same time. For example, a group of students who matriculate at the same time is an "entering cohort." On the other hand, a group of students who receive their degrees on the same date comprise a "graduating cohort."

FTE: Full-Time Equivalent (FTE) is a metric which counts the number of part-time and full-time individuals together, but each individual is counted as a specific fraction of a full-time individual. For example, FTE staff counts each worker as the fraction equal to their weekly scheduled work hours divided by a standard 40-hour workweek. In another example, FTE enrollments count each undergraduate student the fraction equal to their credit load divided by a standard load of 15 student credit hours.

Special Students: Students who are enrolled in for-credit courses but are not enrolled in a degree program.

Retention: is a measure of academic progress of a cohort of students from one term or year to the next.

Persistence: is a measure of the number of students who have graduated or are still enrolled (retained) typically in years 3 and beyond

Graduation Rate: is the percentage of a school's first-time, first-year undergraduate students who complete their program within 150% of the published time for the program. For example, for a four-year degree program, entering students who complete within six years are counted as graduates.

Retention Rate: is the percentage of a school's first-time, first-year undergraduate students who continue at that school the next year. For example, a student who studies full-time in the fall semester and keeps on studying in the program in the next fall semester is counted in this rate.

Transfer Rate: is the percentage of a school's first-time, first-year undergraduate students who transfer to another college within 150% of the published time for the program. For example, a student who is in a four-year degree program is counted as a transfer if the student goes to another college within six year

Degree Counts: have been adjusted to match degree levels reported in federal IPEDS classifications.

Student to Faculty Ratio: the calculation of ratio of full-time equivalent students (full-time plus 1/3 part time) to full-time equivalent instructional faculty (full time plus 1/3 part time). In the ratio calculations, exclude both faculty and students in stand-alone graduate or professional programs such as medicine, law, veterinary, dentistry, social work, business, or public health in which faculty teach virtually only graduate level students. Do not count undergraduate or graduate student teaching assistants as faculty.

Non-duplicated headcount: An individual who holds multiple appointments is counted only once. If the individual holds more than one category of appointment, that person is reported under the first appointment category that applies, according to the order given in the table. For example, a faculty member who also holds an executive/ director/ administrator position is reported as faculty.

Faculty Race and Ethnicity: Changes to Federal rules for the collection and reporting of race/ethnicity data are reflected in data for 2010 and later years. A two part question asks first about Hispanic heritage and then about race. Unlike previous years, individuals may choose to report more than one race. Individuals who reported Hispanic heritage are counted as Hispanic, regardless of race. Those who report two or more races and do not indicate Hispanic heritage are reported in the two or more races category. Because of small numbers, individuals who identified as Hawaiian or Pacific Islanders are combined with Asians for this report. Individuals who choose not to report a racial/ethnic category are included with White/Unknown. For years prior to 2010, individuals were asked only one question and were allowed to choose only one racial/ethnic category: Black, Asian (including Hawaiian or Pacific Islander), American Indian, Hispanic, or White.

Personal Data File (PDF): In 2011, a new Human Resources Data Mart System (HRDM) was implemented at NCCU. Information in the new system is stored and reported in different ways than in the past. The introduction of HRDM required the re-creation of many reports on which the PDF is based. As a result, you may notice some discontinuities in trend lines in employee data.

SHRA: It stands for subject to the State Human Resources Act.

EHRA: It stands for exempt from the State Human Resources Act and covers faculty, research and instructional personnel, and senior officers of the University specifically for the UNC campuses and primarily overseen by UNC General Administration.

GTA: It stands for Graduate Teach Assistant.
