

Notice of Availability of the North Carolina Central University's 2022 Annual Security and Fire Safety Report (ASFSR) to Current and Prospective Students and Employees

At North Carolina Central University, we place the highest priority on the safety and security of our students and our campus community. We are committed to creating an environment of trust and transparency while providing effective, compassionate, professional services, and support to our students, faculty, and staff. In this context, we are sharing the 2021 Annual Security and Fire Safety Report (ASFSR) as required by the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act).

The Annual Security Report (ASR) includes statistics for the previous three calendar years (2019, 2020, and 2021). It reveals reported Clery crimes that occurred on campus, on certain properties owned or controlled by the university, and on public property adjacent to the campus. The ASR illustrates institutional policies concerning campus security, crime reporting procedures, emergency response and notification, sexual assault response procedures, and other matters. Also included are drug and alcohol policies, associated disciplinary proceedings, and available substance abuse treatment options. Incorporated in the ASR is the Annual Fire Safety Report (AFSR) that consists of statistics regarding fires that have occurred within campus residential facilities over the past three calendar years (2019, 2020, 2021). Additionally, the AFSR exhibits information about university fire safety policies.

Sharing this report is essential to the health and safety of our campus community because being informed can help make our students, parents, employees, and our community better prepared. We believe this information can help members of our community feel confident in the systems and people that are here to help them when there is an emergency and/or when they need to report a problem.

Please note that for the crime statistics in the Annual Security and Fire Safety Report, reported incidents do not necessarily indicate events that resulted in any criminal charges or prosecution, and some reports are based on alleged incidents that were reported in 2022 but did not occur during the 2022 calendar year.

The 2022 Annual Security and Fire Safety Report for North Carolina Central University is now available online at: <https://myeol.nccu.edu/sites/default/files/2022-09/2022-Annual-Security-and-Fire-Safety-Report.pdf>

You can access the report by clicking on the link above, or you may obtain a paper copy of the report upon request by contacting the North Carolina Central University Police Department in person or at [919-530-6106](tel:919-530-6106).
