

Effective Teaching 101: Starting The Semester Strong

The first weeks of the semester are crucial for student success. This self-paced course helps new and veteran faculty set a positive tone, build immediate rapport with their students, clarify course expectations, engage students, and use classroom assessment techniques to monitor student learning.

Suitable for in-person, hybrid, or online teaching, this course ensures faculty gain practical skills and inspires them to immediately apply evidence-based teaching practices that enhance their teaching and positively impact student success starting day one of the semester.
