# Eagles Purch Overview

Eagles' Purch is North Carolina Central University's electronic e-procurement system that allows users to shop and create a digital Purchase Requisition. The requisition captures order details, including items, pricing, quantities, delivery information, and applicable terms and conditions.

When an order is submitted, the Purchase Requisition is automatically routed through the required approval workflow, which may include Budget, Environmental Health and Safety (EHS), Information Technology (IT), Fixed Assets, and Legal Affairs. Upon final approval, a Purchase Order (PO) is automatically generated and transmitted to the supplier(s) via email and/or fax.

## A PURCHASE ORDER IS REQUIRED BEFORE GOODS & SERVICES ARE RENDERED.

### Log-in

To log into Eagles Purch follow the steps below:

1. Go to the NCCU MyEOL: [Home](#) | [myEOL](#) | [NCCU](#)
2. Select Eagles Purch from the Employee Services menu.

### Homepage

The image below shows the various options on the Eagles Purch homepage. Read the descriptions following the graphic for more information about each of the navigational components:

#### 1. Quick Search

The Quick Search feature allows users to quickly locate records within Jaggaer, including Purchase Orders (POs), Requisitions, Suppliers (Vendors), Invoices, and Requests. Quick Search returns results based on partial or complete entries, making it useful when the full document number is not available.

#### 2. Shopping Cart

The Shopping Cart stores items selected for purchase prior to submitting a requisition. Users may add items to the cart from hosted catalogs, punch-out catalogs, or non-catalog forms. Once all required information has been added to the Shopping Cart, the shopper selects the Checkout button to proceed to the checkout pages, where additional required information must be completed before the requisition can be submitted.

#### 3. Action Items

The Action Items section displays tasks that require a user's attention. These tasks typically include approvals, review requests, or other workflow actions related to requisitions, purchase orders, invoices, or contracts.

#### 4. Navigation Tool Bar

The Navigation Tool Bar is located on the left-hand side of the screen and provides quick access to the main modules and features within Eagles Purch. The number and type of icons visible depend on the user's role and system permissions.

#### 5. Shop at the Top

The "Shop At the Top" feature provides a quick way to begin a purchase without navigating through catalogs or menus. It allows users to search for items, suppliers, or catalog categories directly. The **Non-Catalog Item** selection is found here.

#### 6. The Organization Message

The Organization Message is a common way to communicate important upcoming dates, information about new suppliers, links to training/education materials, changes in the purchasing process, and more.

#### 7. Shopping Methods

Eagles Purch provides multiple ways to shop, including hosted catalogs, punch-out vendors, and electronic forms, depending on the type of purchase. The **Non-Catalog Item** selection is located in the *Shop at the Top* section and is used to request items or services that are not available through hosted or punch-out catalogs.

## Navigation Tool Bar

The Navigation Tool Bar provides access to key system functions through a slide-out menu. The menu remains hidden by default to maximize screen space and expands when selected. Users can access key areas such as shopping, requisitions, approvals, and reports by selecting the appropriate menu option. Menu items may vary based on user role and assigned permissions.

<b>Shopping</b>  The <b>Shop</b> icon provides access to all shopping-related options and carts. From this area, users can: <ul style="list-style-type: none"><li>• Search for products</li><li>• Access favorites</li><li>• Use electronic forms</li><li>• Create non-catalog item requests</li><li>• Browse items by supplier</li></ul>	
<b>Orders</b>  The <b>Orders</b> icon allows users to view and manage purchasing documents. From this area, users can: <ul style="list-style-type: none"><li>• View recent orders</li><li>• Search for requisitions and purchase orders</li><li>• View and manage approvals</li><li>• Access related invoices</li></ul>	

## Users and Roles

A user is any individual with access to Eagles Purch. Each user is assigned a unique username and password that identifies their permissions and system access. Users are assigned one or more roles, which are used to group individuals with similar responsibilities and permissions.

### Requisitioner

This role is assigned to individuals responsible for creating purchase requests. Requisitioners can:

- Create shopping carts in Eagles Purch
- Enter required accounting codes
- Submit requisitions for approval

### Approver

This role is assigned to individuals responsible for reviewing and approving requisitions. Approvers can:

- Review requisitions for accuracy and compliance
- Approve requisitions at the department, area, or functional level

### Buyer

This role is assigned to Purchasing Department staff who are authorized to process requisitions. Buyers:

- Review approved requisitions
- Process orders in accordance with university and state procurement policies and procedures

### Viewing Your Assigned Role(s)

To view your current role(s) in Eagles Purch:

1. Click the User icon in the upper-right corner of the home screen
2. Select View My Profile
3. Click User Roles & Access
4. Select Assigned Roles to view your role(s)

### System Access

To obtain access to Eagles Purch, complete the 'Banner Access Form' on the myEOL Forms and Documents page.

## Catalogs & Forms

A **catalog** represents a supplier's available product offerings within Eagles Purch. Users can select items directly from catalogs when shopping for approved goods and services.

**Forms** are used to request purchases that are not available through hosted or punch-out catalogs. These are typically used for specialized items, services, or one-time purchases.

This distinction helps users determine the appropriate purchasing method based on item availability.

### Hosted Catalog Showcased Vendors

Hosted catalogs feature approved supplier product listings that are loaded, maintained, and searchable directly within Eagles Purch. These showcased vendors are highlighted to help users easily identify preferred or commonly used suppliers.

Users can:

- Search and compare items from approved suppliers
- Add items directly to their shopping cart
- View contract pricing and detailed item information within the system

## Punch-Out Catalogs

Punch-out catalogs allow users to shop directly on a supplier's external website while remaining connected to Eagles Purch. Users can:

- Access the supplier's full online catalog
- Configure items on the supplier site
- Transfer selected items back into Eagles Purch for checkout and approval

## Non-Catalog Item

The Non-Catalog Item is a free-form entry option used to create a purchase request for items or services not available in a hosted or punch-out catalog. This option allows users to manually enter item details, pricing, and supplier information.

Non-catalog items are commonly used when:

- Items are not available in any catalog
- A supplier provides a quote
- A quote includes multiple line items
- Purchasing services or one-time specialty items

## Check Request

A Check Request is a payment made directly to a vendor or individual without a purchase requisition or purchase order. It is not a substitute for required purchase order procedures and should be used only when standard procurement processes do not apply or when a vendor will not accept a purchase order. Check Requests are intended for non-recurring or exceptional transactions and require appropriate justification.

Check requests are commonly used for:

- Utilities (electricity, water, gas, telecommunications)
- Stipends
- Memberships and subscriptions
- Postage and freight
- Legal settlements and court fees
- Employee reimbursements (travel, training, etc.), not to exceed \$250
- Inter-agency payments
- Professional dues
- Emergency purchases (as defined in NCGS §143-57)

## Instructions for using Catalogs & Forms

### Hosted Catalog Showcased Vendors

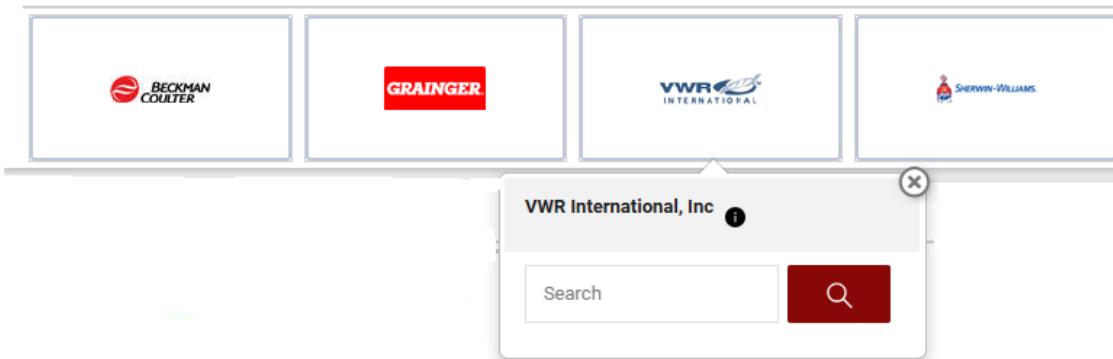

1. From the Eagles Purch home page, select the desired supplier name or icon in the showcased supplier's area.

Hosted Catalog Showcased Vendors

2. A pop-up window will open, allowing you to search the supplier's hosted catalog by product name, category, or part number. Enter a part number or keyword to search for a specific item or click the magnifying glass icon to browse the supplier's entire catalog.

#### Hosted Catalog Showcased Vendors

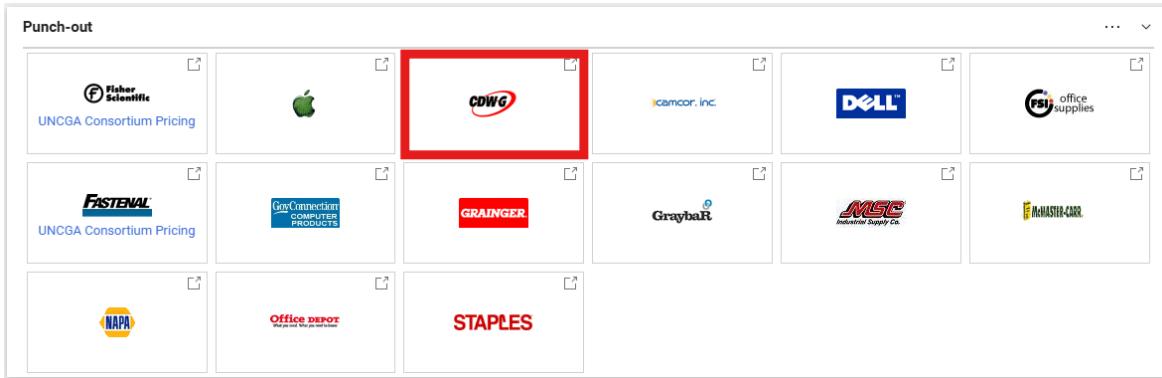

3. Update the quantity as needed and select 'Add To Cart' to add the desired item(s) to your cart.

4. The selected item(s) will be added to your cart. After completing your shopping, select the Cart icon to proceed to checkout.

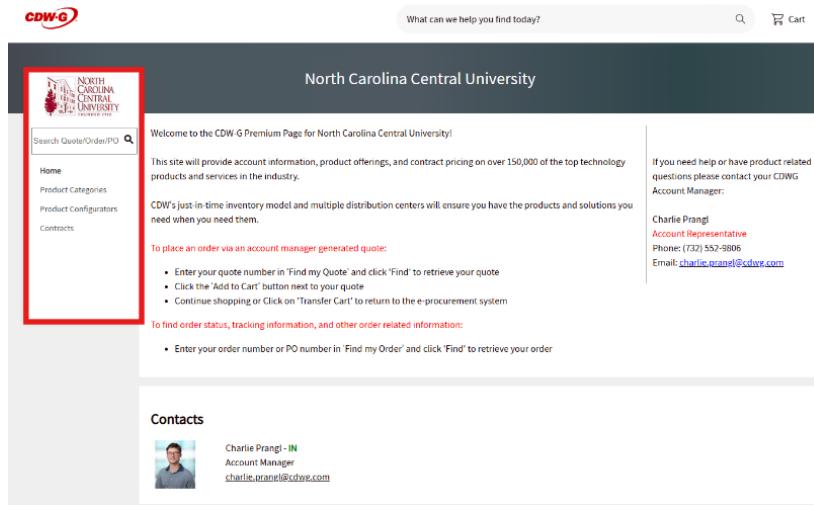

5. Once all items have been added to the cart, follow the **Cart Checkout** instructions to continue.

## Punchout Catalog

- From the Eagles Purch home page, select the desired supplier name in the Punch-Out Catalog area to access the supplier's external website.

- Shop the supplier's site as you would a typical online shopping site, using search and navigation tools to locate items.

Welcome to the CDW-G Premium Page for North Carolina Central University!

This site will provide account information, product offerings, and contract pricing on over 150,000 of the top technology products and services in the industry.

CDW's just-in-time inventory model and multiple distribution centers will ensure you have the products and solutions you need when you need them.

To place an order via an account manager generated quote:

- Enter your quote number in 'Find my Quote' and click 'Find' to retrieve your quote
- Click the 'Add to Cart' button next to your quote
- Continue shopping or Click on 'Transfer Cart' to return to the e-procurement system

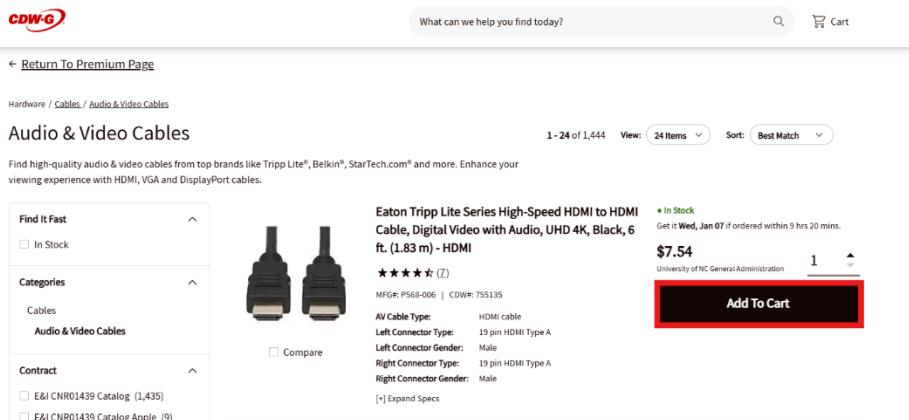

To find order status, tracking information, and other order related information:

- Enter your order number or PO number in 'Find my Order' and click 'Find' to retrieve your order

**Contacts**

Charlie Prangl -  Account Manager

Add To Cart

- Once all items have been added, complete checkout on the punch-out site. The selected items will be returned to your Eagles Purch shopping cart for review and submission.

The screenshot shows the Eagles Purch shopping cart interface. At the top, there are links to 'Return To Premium Page' and 'Continue Shopping'. Below that is a 'Shopping Cart' section with a table showing a single item: 'Tripp Lite High Speed HDMI Cable w/ Audio UHD 4Kx2K'. The item is in stock and ships today if ordered within 5 hrs 17 mins. The price is \$7.54, and the quantity is 1, with a total of \$7.54. To the right of the table is an 'Order Summary' box showing a subtotal of \$7.54. Below the table are buttons for 'Update All' and 'Remove All'. At the bottom of the cart area are buttons for 'Choose Saved Cart', 'Add', 'Email Cart', and 'Checkout'. To the right of the cart is a summary bar with a magnifying glass icon, a search bar with '7.54 USD', and a shopping cart icon. The summary bar also shows 'My Cart (2025-12-19 ahill117 01)' and a list of items including 'Tripp Lite High Speed HDMI Cable w/ Audio UHD 4Kx2K' (Quantity: 1, Price: 7.54 USD). There are 'View My Cart' and 'Checkout' buttons in the summary bar.

- Once all items have been added to the cart, follow the **Cart Checkout** instructions to continue

## Non-Catalog Item

- From the Eagles Purch home page, select Non-Catalog Item in the Shop area to open the entry screen.

The screenshot shows the Eagles Purch home page. On the left is a vertical navigation bar with icons for Home, Non-Catalog Item (which is highlighted with a red box), Favorites, Forms, Shop, Quick Order, and a search bar. The main content area has a 'Home' heading and a 'Go to:' menu with 'Non-Catalog Item' highlighted. Below the menu are links for 'Favorites', 'Forms', 'Shop', 'Quick Order', and a 'Browse' menu with 'Vendors', 'Categories', 'Contracts', and 'Chemicals'. There are also 'Simple' and 'Advanced' buttons and a search bar at the bottom.

- Enter the vendor's name in the search field. The name will auto-populate as you type, or select the Search icon next to the field to expand your vendor search.

*Note: Verify that the vendor's name and address are correct before proceeding.*

The screenshot shows the 'Add Non-Catalog Item' screen. At the top, there is a 'Non-Catalog Item' search bar with 'North Carolina Central' typed in, and a search icon. Below the search bar is a list of results: 'North Carolina Central University' and 'North Carolina Central University Foundation'. The 'North Carolina Central University' result is selected. To the right of the search bar is a 'Fulfillment Address' section with a radio button for 'BU Business 1' and the address 'Central Stores, 600 George Street, 1801 Fayetteville St, Durham, North Carolina 27707-3129 United States'.

3. Enter the information from your quote into the Item section of the Non-Catalog Item entry screen.

Check Request

Form Number 20353402  
Purpose Check Request  
Status Incomplete

Instructions

Form Instructions

- Check requests may only be used after it is verified that a vendor will not accept a purchase order. This form may not be used for travel, or otherwise, unless specifically approved as required by State and University rules and regulations.
- If a vendor will not accept a purchase order, and/or it is appropriate to do so, an electronic Check Request form should be keyed into Eagle's Purch.
- The form and all required documentation should be attached to this form itself. The form will then route to the appropriate approvers through a pre-determined workflow established in Eagle's Purch.
- A justification is a required part of the documentation for a check request and must provide adequate evidence of compliance with purchasing regulations.
- A check request that has been approved by all necessary parties will route electronically to the NCCU Accounts Payable Office for payment.

Policy Statement

A "Check Request" form must be used for non-recurring purchases when a purchase order will not be accepted by a vendor. A purchase order is the official method for doing business for state agencies and universities; check requests are only to be used in extraordinary circumstances. Improper procurement practices will not be tolerated and may result in personal financial responsibility.

# Shopping Cart & Cart Checkout

## Overview

Once items are added to the Shopping Cart, users must proceed to checkout to complete and submit a purchase request. The Shopping Cart serves as a review point where users can confirm item details, quantities, and pricing before moving forward. During checkout, users are guided through the required steps to enter accounting and other necessary information, with the ability to return to the cart at any time prior to final submission.

## Instructions for Cart Checkout

- Once items are added to the shopping cart, select **Checkout or Proceed to Checkout** from the top-left corner of the cart.

- Selecting **Checkout** will open the **Draft Requisition** screen.

Requisition • 210384354

## Document Tabs

The tabs in a purchase order or requisition allow users to view and manage key aspects of the document.

Requisition • 210384354

Summary	PO Preview	Comments	Attachments	History
---------	------------	----------	-------------	---------

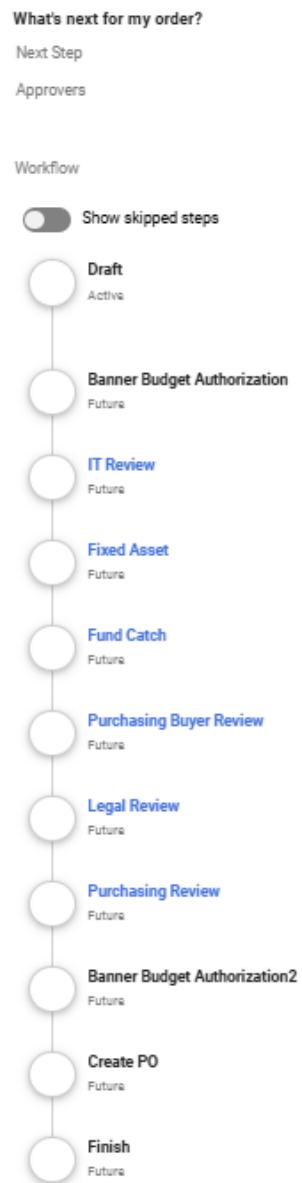

- Summary: Displays a quick view of the active requisition. You can review the item list and delete items from the cart.
- PO Preview: Shows a quick view of the line items as they will appear on the purchase order.
- Comments: Displays any added notes. Items in this section are for internal use only and will not be sent to the supplier.
- Attachments: Shows all uploaded attachments. Required NCCU documents—such as quotes, contracts, estimates, or waivers of competition—should be attached here.
  - Internal: Only NCCU employees can view.
  - External: Routes to the vendor.
- History: Displays all actions taken on the requisition, including date and time stamps. For example, it shows reasons if a requisition was rejected.

# Helpful Hints

## What's next for my order?

To view the approval progress for your requisition, click “What’s Next for My Order?”. The workflow will display all applicable approval steps and indicate whether each step is complete or pending.

Click a workflow step displayed in **blue** to view the users who have approval authority for that step.

## Rejected Orders

A requisition may be rejected during the approval or review process if additional information, corrections, documentation, or sufficient funding is required. When an order is rejected in Eagles Purch, it is returned to the requestor for action rather than moving forward in the workflow. If a requisition is rejected due to insufficient funding, the requestor should work with the Budget Office to resolve the funding issue before

resubmitting. Funding-related rejections, along with reviewer comments, can be identified by reviewing the **Order (Requisition) History** tab. The requestor should review all rejection comments, make the necessary updates, and resubmit the requisition to restart the approval process. Rejected orders remain visible in the system for tracking and reference.

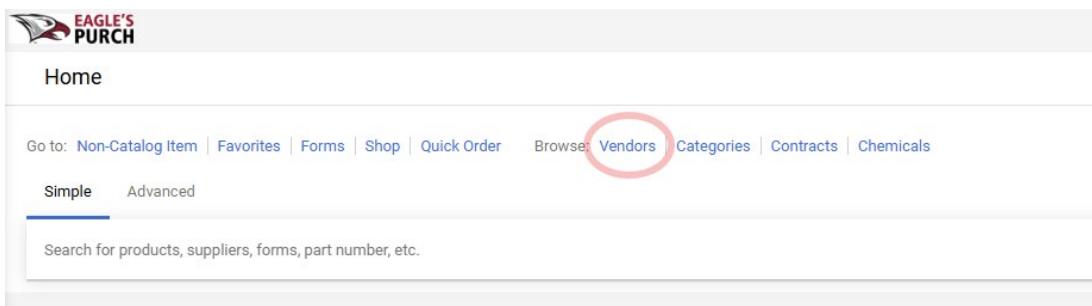

## Vendors

If a vendor's name does not appear in Eagles Purch, the vendor is likely not set up in the system. In this case, a **Vendor Request Form** must be completed and submitted along with a **W-9**. The [\*\*External Vendor Request Form\*\*](#) is available on the **myEOL Forms and Documents** page and may be forwarded to the vendor for completion.

### Browse/Search Vendors

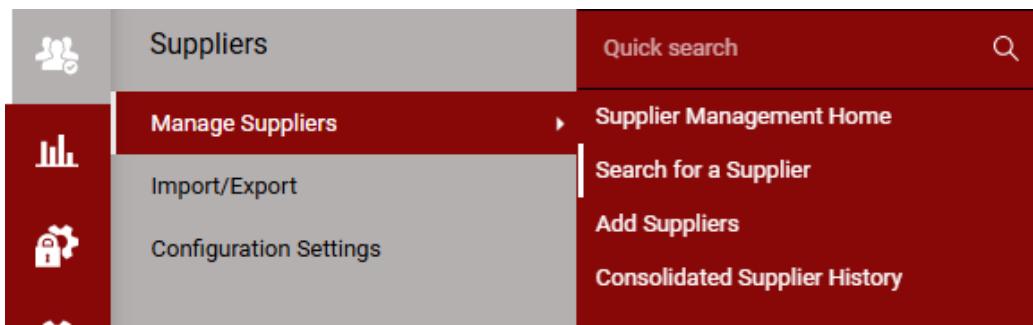

There are multiple ways to search for vendors from the **Eagles Purch** home page:

- Select **Vendors** from the **Shop** menu at the top of the page.

The screenshot shows the top navigation bar of the Eagles Purch website. On the left is the logo 'EAGLE'S PURCH'. To the right of the logo are several menu items: 'Non-Catalog Item', 'Favorites', 'Forms', 'Shop', 'Quick Order', 'Browse', and a dropdown menu. The 'Browse' menu is currently active, as indicated by a red circle around the 'Vendors' option. Other options in the 'Browse' menu include 'Categories', 'Contracts', and 'Chemicals'. Below the navigation bar, there are two tabs: 'Simple' (which is selected) and 'Advanced'. A search bar is located below these tabs, with the placeholder text 'Search for products, suppliers, forms, part number, etc.'

- Select **Suppliers** from the **Navigation Toolbar**.

The screenshot shows the 'Suppliers' menu in the navigation toolbar. The menu is divided into three sections: a top section with a 'Suppliers' icon and the text 'Suppliers', a middle section with a 'Manage Suppliers' icon and the text 'Manage Suppliers', and a bottom section with a 'Configuration Settings' icon and the text 'Import/Export' and 'Configuration Settings'. To the right of the 'Suppliers' icon is a 'Quick search' bar with a magnifying glass icon. A dropdown menu is open over the 'Manage Suppliers' section, containing the following options: 'Supplier Management Home', 'Search for a Supplier', 'Add Suppliers', and 'Consolidated Supplier History'. The 'Supplier Management Home' option is highlighted with a red background.
